Mr. Goodman:

I do not believe that mediation is going to be feasible at this point in this case. Obviously, mediation will necessarily involve additional costs to my client that she simply cannot bear.

In addition, I do not believe that it will make much sense to conduct any significant discovery at this point. Based on our latest conversations with our client, we intend to move forward on a motion to dismiss this case as moot. We should be able to file that relatively soon, and I think we can then proceed from there.

Victor,

I am following up for your client's position on mediation, and Martina's inquiries with respect to, among other apparently outstanding discovery, Casey and MPF deposition dates and an updated privilege log. To conduct those depositions in a timely manner and provide your client with sufficient notice, please provide your availability and confirmation that you would like those held at your office by the end of the week.

Subject: [EXTERNAL] MPF v. PETA: Mediation

Victor,

While Judge Perry is no longer ordering mediation, Plaintiffs are still amenable to in-person mediation consistent with the court's directive to continue to attempt to resolve this matter by settlement. Given the purported ownership status of the chimpanzees, however, we would require that Ms. Haddix voluntarily participate in the mediation as well.

Please advise as to whether Ms. Casey and Haddix are willing to participate in mediation and, if so, provide availability to do so during the month of September. I'd appreciate your response by early next week to allow for sufficient time to agree to a mediator and find an acceptable date.

Thank you.
